Hist Survey

WAR DEPARTMENT,

JANUARY 19, 1820.

SIR: In compliance with the resolution of the honorable the House of Representatives, of the 20th ultimo, requiring the Secretary of War to state to the House, "whether, in pursuance of the act of the 18th of March, 1818, any pensions have been granted, which, for reasons which he will state, ought not to have been granted, and what course has been pursued in relation to such pensions, or those to whom they may have been granted, and the number and names of those who have been placed upon the pension list from each state, under the said law: and, also, the regulations adopted by the War Department, in relation to the examination and admission of claims for pensions under the said act;" I have the honor to transmit a list, containing the name, rank, and line, of every person inscribed on the pension roll, under that act.

The description of persons, whose pensions have been granted improperly, may be comprised in the following classes:—

1st. Those who served in corps which, at first, were considered continental, but which, on full inquiry, proved not to be so. The course pursued, in relation to such cases, has been to drop the names from the rolls. The names of such persons will be found on the list transmitted, with the proper remarks annexed.

2dly. Those who are not in such reduced circumstances in life as to need the assistance of their country for support. In cases where satisfactory proof has been adduced, that the pensioners were not in needy circumstances, their names have been dropt from the rolls. The names of such persons are also on the list, with suitable remarks.

It may be proper here to observe, that, in some cases, where information has been received that the pensioners, or persons applying for pensions, are not in such circumstances as to need assistance, their claims have been suspended. The names of such pensioners are likewise noted on the list.

The accompanying statement, of the amount of funds placed in the hands of each agent of the United States, for paying persioners, will, so far as is practicable, shew the amount paid in each state, for the year commencing with the 5th of September, 1818, and ending with the 4th of September, 1819, inclusive.

For information, concerning the regulations adopted in regard to the examination of claims under the act, I would respectfully refer you to my letter of the 22d ultimo, to the Chairman of the Committee on Revolutionary Pensions, which was contained in the report to the House of Representatives, on the 28th ultimo.

I have the honor to be,
With great respect,
Your obedient servant,
J. C. CALHOUN.

Hon. H. CLAY,
Speaker of the House of Representatives.

Names of Persons placed on the Pension Roll of the United States, under the act of the 18th of March, 1818; shewing the rank and line in which each served; and made in compliance with a resolution of the House of Representatives, of the 20th of December, 1819.

NEW HAMPSHIRE.

Names of the Revolutionary Pensioners which have been placed on the roll of New Hampshire, under the law of the 18th of March, 1818, from the passage thereof to this day, inclusive, with the rank they held, and the lines in which they served, viz:—
